Reprint from the *Deseret News* on Saturday, October 29th.

A correction appears on the reprint of the same speech given by James H. Moyle, November 20, 1927. “Due to lack of information, the radio sermon entitled ‘Authenticity of the Book of Mormon,’ published Saturday, October 29, was erroneously attributed to Elder James H. Moyle. We are still without information and would kindly ask the writer of this article to send in his name that proper credit may be given him.”

THE
BOOK OF MORMON:

AN ACCOUNT WRITTEN BY THE HAND OF MOR-
MON, UPON PLATES TAKEN FROM
THE PLATES OF NEPHI.

Wherewith it is an abridgment of the Records of the People of Nephi: and also of the Lamanites; written to the Lamanites, which are a remnant of the House of Israel; and also to Jew and Gentile: written by way of Commandment, and also by the spirit of Prophecy and of Revelation. Written, and sealed up, and hid up unto the Lord, that they might not be destroyed; to come forth by the gift and power of God, unto the interpretation thereof; sealed by the hand of Mormon, and hid up unto the Lord, to come forth in due time by the way of Gentile; the interpretation thereof by the gift of God; an abridgment taken from the Book of Ether.

Also, which is a Record of the People of Jacob, which were scattered at the time the Laman confounded the language of the people when they were building a tower to get to Heaven: which is to shew unto the remnant of the House of Israel how great things the Lord hath done for their fathers; and that they may know the goodness of the Lord, that they are not cast off forever; and also to the convincing of the Jew and Gentile that Jesus is the Christ, the Father of God, manifesting Himself unto all nations. And now if there be fault in the mistakes of men; whosoever condemn me the things of God, that ye may be found spotless at the judgment seat of Christ.
