Seven questions: 1. Is it true that the finer the object or the substance to be seen, the stronger is the light required for it to be seen? 2. Is a spirit an individual being, of a substance finer than organized matter? 3. Is it true that there has been special supernatural light? 4. What is God? 5. What is "the gospel" of the Mormons? 6. Is it a part of that gospel, that deception is right, when the motive for it is good? 7. Do you believe that the prophet Joseph Smith Jun. did cohabit with other women besides his lawful wife?

Eldredge believes Joseph Smith's first vision but not the Book of Mormon.
