In my Journal and by corresponding with Pre. C. O. Card I find he was assistant Supt. of Sunday Schools until 1879 assisted by O. C. Ormsby at this date was taken for Second Counselor to President of Cache Stake Wm B. Preston So it should appear that Elder O. C. Ormsby was made Supt. of Sunday Schools for Cache Stake with Nibley and Turner—assistants and at Nov conference 1881 Fred W. Hurst was called Supt of S.S. for this Stake and in Deseret Sunday Schools Report in Vol 19 Juvenile Instructor page 183 for year 1883 Cache Stake C. W. Nibley Supt—This is not proper as F. W. Hurst was the superintendent and Reported the Stake in the two (2) previous Yearly Reports as shown in the Instructor and shortly after Elder Ormsby Return from Europing Mission was again installed S.S. Supt—herein is some thing irregular and Ormsbys assistants Wm Apperley W. S. Reese and having been solicited to help get these fact for Record purposes I am working. 4 Robert Meikle and Robert A. Bain had come to Smithfield together with their families in 1860. Meikle owned a tannery on Summit Creek (see Smithfield Historical Society 2001, 6, 15).

5 Hans Funk served as first assistant superintendent in the Lewiston Sunday School (see Deseret Sunday School Union 1900, 126).
We should organize priests & teachers quorums & Then quorums of deacons until all are organized. When these quorums are organized we will expect full & complete reports quarterly.

Robert N. Eggbert was Sustained as president of the 17th Elders quorums. C. M. Rawlins as first and James Bodily as second Counsellors. Pres. Merrill & C. O. Card Set them apart Pres M mouth for the former & Elder Card the Latter. Bp. W. H. Lewis was then Sustained as Pres. of the Priests Quorum of this ward.

Priests & teachers have separate duties to perform. It is a good thing for the Priests to visit the Saints from house to house & it is good for them to take the Scriptures with them & read & explain them.

The Teachers Should also visit and see that no evil is among them. Suggest cleanliness & cultivation of trees &c would be good advice.

It is suggested we live in towns. If we have sick among us it is good to have good faithful Elders close by. We need Spiritual food.

Gave good advice in regard to the Cultivation of fruit and Shade trees. The railing of Sidewalks. Spoke of the great importance and use of all the quorums & they should do their duty. We should cultivate the spirit of the Lord that we may understand the things of the Lord. The Lord never has designed that we should be idle. If we will not do our duty we will have to let some one else take our place. It is not a hard ship for us to do our duties & we should try to enjoy the Spirit of our callings & Labor under its influence. Without it we can not do our duties. It is proper we study & inform our minds & draw near unto the Lord. Amen.

Elder C. O. Card Spoke on the duties of the Lesser Priesthood as well as that of the Melchesedek. Duties of Parents towards their children. All should do their duty that they may advance & improve in the of the Lord & His Kingdom. Invoked the blessings of God upon the Saints, lands, flocks & the possessions of the Saints in the name of Jesus Amen.

Singing by the choir. Benediction By Elder James Wadoup [Waddoups].

Directly after meeting we returned to meeting Richmond & dined.

Richmond. We met with the Saints of this place at 2 P.M. Singing by the choir. Prayer by Elder L. P. Swenson Singing & Sacrament.

Elder C. O. Card read the Late rev. given through Pres John Taylor Oct 13. 1883 [1882].

Pres M. W. Merrill arose & thought it good to have often repeated the Sayings of the Lord until we understand our duties. Our special Business to day is to fill up & organize the quorums which we have worked at some time.

The Elders here have been identified with with Lewiston but now we find enough here for a quorum & fully organize the 9th quorum of Elders.

In our Labors we desire the faith of the Saints. The first duty of an Elder after their ordination is to join themselves immediately to the Elders quorum where they reside. There is no Elder or member that does not come under the Supervision of the Holy Priesthood.

The time will come when God's rule will be acknowledged in the whole earth. W. C. Burnham was sustained as first Counselor to Lewis P. Swenson. Pres. of the 9 Quorum of Elders. Elders C. H. Monsen, Swen C. Nelson were sustained as Missionaries to the Richmond, Lewiston & Coveville Wards. We then Set apart Elder Morison [Mowson] to his Labors Pres Merrill mouth. We are here to Labors in the Lords vineyard.

It is important that we have our minds stored with useful information that we may be prepared to Labor at home or abroad. We cant understand the things of God except by the Spirit of God.

Humility & faithfulness brings us success as Elders in our Labors.

When we enjoy the spirit of our Priesthood we take pleasure in our Labors. He explained the duties of the priests and teachers and showed that they were not alike. Let each one perform their parts. We should look about ourselves & set ourselves aright. It becomes us to learn to give a reason for the Gospel that is within us. It is our privilege to enquire of the Lord in relation to our callings & Labor. If we have not a testimony of the truth of the work of the Lord is because we have not sought for it.

The Priests on their visits should pass none but Labor with all from house to house.

All that receive the Gospel makes them better. We have no time to idle but we should set ourselves & houses in order that we may be approved of the Lord Amen.

6 Lewiston had sandy soil, and large numbers of trees were planted to keep the soil from blowing away after crops were planted.
We then set Bro. Wallace C. Burnham apart as first Counsellor to the Pres. of the 9 Elders Quorums C. O. Card mouth.

Bp. Wm. L. Skidmore was then unanimously Sustained as President of the Priests Quorum of Richmond Ward.

Elder C. O. Card read extracts from the History of the Prophet Joseph & Oliver Cowdery in relation to receiving the Aaronic Priesthood read from Doc. Cov. Page 292. Spoke upon the duties of the Priesthood both Aaronic and Melchesidek. We should try to extend the Gospel on every hand. Refered to a time he predicted a crises in business in a time of failures.

Spoke of the producer as being the most independent. Some think it is the most noble to sell goods which was wrong. We do not wish to hold up before the Sts as happiness wealth, it does not produce happiness. Had a very peculiar dream. Dreampt he Saw a man who had died some time ago. Saw he Sought to make his friends happy but had a sad and discontented countinence. Asked what was the matter answered I have lost my opportunity. This man when he died did not know that Jesus was the Christ. We should use our substance for the upbuildings. Cancel as soon as possible your honest debts. Refered to his interest in the bank, but had but one interest. The Lord is Kind to his people and has been in all ages. God is loving & merciful. Spoke of the callings of presiding officers. 7 George Seamons and his brother Elijah were some of the initial settlers of Hyde Park. In 1894 George and his family were honored at a special 24th of July celebration held in the town square (see Kirby 1997, 108).

8 The Saints in Hyde Park seem to have taken Elder Thatcher’s advice, but it was 1893 before they dedicated a new frame meetinghouse that was thirty-six by sixty-six feet. The first social meeting in this building was a Sunday School Jubilee held on September 10, 1893 (see Kirby 1997, 103).
day The prophet Joseph is the greatest prophet Save Jesus Christ.

We should not be down hearted but Kind hearted to one another. We have been gathered here purpose of regenerating the world. The great mission before us is that of celestial marriage.

We should not misuse our bodies that we may beget healthy bodies for our children. Both male & female over work many times. Drew many beautiful comparisons. We should try to get on to that high plane. We should not over do our generative organs. We need to learn the Laws of life. Man & woman become Strong in resisting temptation.

If the amativeness is strong we should try to overcome it. Referred to the prophet of the Lord Samuel who was got in Love. Referred to the Apostle Paul on this subject good food & plenty of ventilation & purity & we will become good & wise & live to a good old age. Said many good things on this very important subject. Read the book of cov. & hold up these things to the people to not approve of adultery. There is only way by which an adulterer may be Saved that is to be destroyed in the flesh. But we should not shed blood for we are not a people of blood. Raise your children in the name of the Lord. Adultery must be stoped among this people. Treat your wives with Kindness & gentleness. We have no right to marry unless we overcome our passions. Spirits are anxious to come & let us prepare ourselves to bring forth the noble. May God bless you & keep you pure that your children may grow up as the heirs of the Lord. Amen.

[Right marginal note 90-degree rotation: Train 1 hour & 2 AM]

Spoke of the duties of teachers & priests that they should leave them without excuse for they will be taught in the blessing of the Gospel. I hope we will be accounted worthy when the Temple is completed to go into it and receives our blessings. Referred to the Late rev. We should conform to it that we may be worthy that the blessings we receive may remain with us. Was satisfied that the L.D. Sts are growing & improving but Still there is more for us to do. Some would like to shirk their responsibility.

Spoke of the united order that we should try to work in that direction. Referred to Enoch & his people. Would like that each day we are getting nearer perfection.

There is just as much apostacy in the business relation of the world as in their religion. Invoked the blessings of God upon the Sts in the name of Jesus Amen.

Apostle M Thatcher arose and said we should try to reconcile ourselves & acknowledge the hand of the Lord in all things We should not murmur in our hearts but be grateful for all things. Noticed a disposition of many of the people to be gloomy in their minds a spirit that is arousing in the world. Many of us work too much I am satisfied Bp. Farrell works too many hours every day. Many hours & days wasted are for want of System.

We have not always been prudent & wise. Debt is bondage to every honest man & woman. Had been studying over this matter alittle had advised previously to not by too many wagons & machinery but try to paint the old ones and make them do this Stake owes about 600000 Dollars or about 45 Dollars for every Soul.

The Gospel is too reafuable to me to oppress the Sts. The man who dies after oppressing the people is a very poor man. Referred to his dream of the Rich man who died without having attended to his duties Spiritual but looked after wealth Said his lot in the spirit world was cast among ambitious & keptics & replied to Pres. T. he had lost his opportunity. Discouraged the idea of eating too much swine meat. Much can be done by faith. We should try to overcome our weak points and temptations.

Every great man have their trials. Jesus has passed through every pang that is human. We need trials hoped we would not have too [deprive … wealth] but my wives & my children. In idleness there is sin. Referred to the prophet Eli & hannah the mother of Samuel who prayed for a man child think
more of your children than anything else. Go back a little & think just before they are borne & be wise.

The time will come when mothers will bear children as Hannah did begotten in purity. We must not use intoxicants nor have no bad motives. Teach the Boys when they are married the Step on the highest plane. Refered to the pains taken & breeding animals. We must keep certain lawes of life. Prepare ourselves for these things & take lessons from animals & vegetations. Raise children holy & strong. Deprecated the adulterers & fornicators. Husbands love your wives & vice versa. Let us have light Lord in the name of Jesus Christ those that see their lives with lust will never be fathers of prophets & seers. Spoke much that was good & true on this subject.

There has been excess in the abuse of our bodies. You have no right to perpetrate your species when you are worn out. Zion is growing let us be free from sin. May God bless you in the name of Jesus Amen.

We went & administered to the infant child of Bro. James Merkle Apostle M Thatcher Mouth.

Rochmond. At 7:30 we met with the Sts of this Place Singing & pray and singing. Then Pres Preston invited all the small audience to Sit on the south Side of the house.

We have come together to be instructed in the things God. We have more cause to rejoice that we have in this dispensation than any other. We have great cause to rejoice that we have the house of the Lord finished or nearly so in our midst.

We can rejoice that our enemies have been baffled in their evil designs against us. We Should claim faith in God in all our Labors. Refered to the Late rev. by Pres. Taylor. Spoke of the Blessings that would be enjoyed by those that are faithful. We should be found faithful in all the duties that devolve upon us. We should try to gain the riches of Eternity & not of this world. Spoke of the time now at hand that the gospel will be introduced to the Lamanites.

We should give our hearts to the Lord. Teach the children the principles of the Gospel. Live that you may be worthy of your blessings of the Lord in his house. It is expected that the Temple will be fully completed & paid for before dedication of it.

Let us enquire into the Standing of ourselves and see if we are worthy of our positions.

Spoke of the necessity of Sending our children to the S.S. Should also attend to our Relief Society or societies have much good instruction on many points.

There is no cheap crowns in heaven & they are bought by Sacrifices. Invoked the blessings of God upon the Sts Amen.

Apostle M. Thatcher arose. Stated he was responsible for these meetings for he had only been here for about twice in 4 yrs. Spoke of the Sts in southern Arazona the Sts were doing very well. While there he felt he was traveling over a dead empire. Saw signs of canals &c that had been made by the Nephites. Our people in these Settlements were mostly poor because they have not turned their attention to agriculture. S. Arazona is a good grazing country. Related an incident of one Bro Fife and 2 gentiles who were killed & Bro Fife was wounded but preserved by listening to the spirit that whispered to him to keep low to the Ground.

Our people will settle those valleys by being Kind to the indians who are learning that we are there friends. Spoke of the progress of the Gospel in Mexico. We should not feel to be discouraged. Spoke of the ill feeling against us a year ago but it has changed now. Refered to the prediction of Apostle E. Snow who said when the republican party expeled Elder Geo. Q. Cannon & passed the Edmunds Bill had reached their Eminence. The Lord had ans’d the prayers of the SERVs of GOD to whom We should Give glory to God for all of this. We came near loosing our liberties. The Lord has made the change. Their pretext was marital relations but their object was plunder. Get out of dept from friend or foe.

He met men who feel gloomy occasionally & think & reflect what brings this about. Our children die early but they should not. We should keep the Lawes of nature. We should revolutionize the world. Spoke of the young when they were young & maried in purity.

Spoke of the evil of firing the bodys with Liquor that lead men to lust and adultery. Spoke much on this point that was good & truthful on these points of virtue.

A child begotten in purity & caried in purity will be pure. Spoke of the necessity of being prepared to reproduce our Kind. There is nothing higher than this for it leads to the Godhood. Spoke of the case of Hannah who was the mother of Samuel. She asked the Lord for him. Refered to the
chastisements of Eli for allowing his children to wander away from the Lord in impurity.

We have had the Law of Celestial marriage many yrs but we are on the first step of it. We should exhibit love towards our wives that carry our children. We should not use these functions only for the proper purpose. We must keep the Laws of God and nature. Say gentle words to one another. Tried to impress this valuable principle upon the Sts here. We should learn to keep the word of wisdom. All narcotics have an influence upon the passions. Invoked the blessings of God upon the Sts.

He from some cause had entertained ill feelings against the Bp of Mendon & felt not to yield and overcome his selfwill.

Wellsville, Sunday, June 3, 1883—In company with Pres Merrill & Elder C. W. Nibley self wife & son went to Wellsville and met with the S.S. at 10 A.M. which was well attended about 300 present. The exercises were very interesting & entertaining. Singing being frequently interspersed also class exercises more varied and instructive.

All having a tendency to enable the pupils to express themselves intelligently either in public & Private.

Pres M. W. Merrill was pleased with the exercises & the good & general attendance 20 yrs ago but few of the school were here & many very pure & will obtain Eternal lives. You are here to Learn your Lessons be Kind to one another & obt to your parents. Cultivate a Kind meek spirit. Prayed the Lord to bless the School & your parents. Elder C. O. Card Endorsed the remarks of Pres M. & suggested the schollars be punctual & also attend meetings with their parents. Was pleased with exercises & invoked the blessings of God upon the school.

Elder T. C. Parkenson we were greatly blessed & was pleased with the exercises Blessed the school. Supt C. W. Nibley thought they have reason to be proud of your efficiency to which you have attained. Thought you should continue to improve. Admired the General Sing instead of a choir. You should obtain Books and all sing.

Singing is a divine art & should be cultivated by all.

He had nothing but blessings for all. God bless you in the name of Jesus Amen.

Bp. W. H. Maughan Invited the children to come to meeting with their parents this after meeting. God bless you Amen.

He then Offered the dedicatory prayer & dedicated the house for Meetings & Amusements. Singing. Sacrament was then administered Inter-spersed with singing. Bp Henry Hughes first addressed the Sts. Admired the nice room we occupy
which reflects great credit on the Sts here. Refered to his first visit here in 1859.

Admonished the Sts to turn to the Lord with a full purpose of heart. Refered to some who had advocated the Gospel & had turned there from.

We should cultivate the principles of blessing and peace. He invoked the blessings of the Lord upon the Sts. in the name of Jesus Amen.

Elder C. W. Nibley arose & said it was a credit to the Sts here for so speedily completing your house of worship It certainly displayed great energy. We should appreciate Blessings before you are deprived of them. It shows in your Labors that you thirst after righteousness. Spoke upon the rights we possess & those we are deprived of.

Said we should avail ourselves of the registration Law. & the young men should be tax payers. Proper attention should be given to this important matter. We should try to maintain our rights. Refered to the importance of the next election.

If we do not see to this matter we will have more than one Barabus or thief in position. Referd to the matter of entering & paying for the rail road lands.

With a view of expediting this matter a committee of 3 were appointed yesterday at the Priesthood meeting for this purpose. Advised the Sts to save their means to pay for their lands. May the bless & comfort your hearts. Let his Spirit rest upon you & preserve you in the name of Jesus Amen.

Elder C. O. Card said he indorsed the remarks of the brethren.

Your labors are praiseworthy.

Bro Benson used to say Yankee Doodle do it. This I think is how you have done this work.

We should take up the land improve it, and sanctify it by Keeping the commandments of God. Deprecated the practice of running off to Railroads and mines. Was glad to see such a good Sabbath School as there was in Wellsville. The parents should bring their children to meeting and should attend School with them in the morning. Showed the necessity of Keeping all of the commandments of God. Not to make a hobby of any one principle. Faith was the great moving principle of us all. In everything pertaining to the Gospel. In all of our organizations we should not lay aside our priesthood, whether secular or religious. Our classes in Theology should be encouraged.

If after a life’s labor we can save our soul. That one soul our own, we shall be abundantly rewarded. How good it is if we can help to save others. May we have wisdom to use all for the advancement of God’s purposes. I ask in the name of Jesus. Amen.

Elder M. W. Merrill remarked about the brethren and sisters sitting separately in meeting. The brethren and sisters should sit together.

Advised the people to wipe off any arrearages there might be on your new meeting house.

Suggested that shutters should be put on the outside of the windows to protect the glass &c.

Pres. Taylor had suggested that in each ward there be established a missionary farm. To raise bread for the families of those on missions. We are expected to do a great deal. The Lord prospers those who Keep the commandments of God. The more we do so the more happy we are.

Do less, and we shall likely be less happy. Our children were our greatest blessing. How much we should try to do for them, to bring them up in the fear of the Lord. God bless you Amen.

There is nothing new in the Gospel. Though the Prophet Joseph revealed the plan of Salvation to the Human family. As we grow in years we should improve in the Gospel. Read from the [Corinthians] concerning the partakin the Sacrament.

Said while we have done well we should know whether every individual had done something. When you get home call your family togerther & see if you have done as much as you should. Ask the question. Refered to the records of Abraham.

Spoke of the law of tithing Word of Wisdom &c We should see that we do our duties everywhere that we will have the right to the blessings of the Priesthood. We should be so faithful & humble that we will carry the Spirit of our Priesthoods we hold that we may be able to set in order that which we are entrusted with. Is it not on acct of the Sleepyness we exhibit is the reason we are not called into more responsible positions than we have. There is an ample field for what is our Priesthood given us for: It is that we may be helps in Government.

The Elders we should be in the S.S. Many act as ciphers in their callings. Out of the Books we will be judged.

In order to keep up the character of your S____ you will have to be prompt. You should try be here before 10 A.M. At least 10 minutes before 10 A.M. Called the attention of the Bp and councilor who should be in attendance to administer the Sacrament.

2 P.M. We met with the Sts of this Place. Singing by the choir prayer by Elder Joseph Howells. Singing Sacrament & Singing.

Elder H. J. Christianson felt to be obt to our priest hood & was pleased to meet with the Sts here.

Admired the Spirit of union in the S.S. Such as he beheld this morning. Compared it with one he visited in Copenhagen where they were praying for deliverance from Babylon you are blessed here. Those who have rec’d the Gospel are generally Poor.

Gave Some of his missionary experience. We should be greatful for our homes. We came here to Serve the Lord & learn of his ways.

We should be punctual in all our dealing that we may not destroy the evidence. Spoke of the principles of sustaining our mechanics at homes & not and not send our money abroad & that those that gather home may be able to join a livelyhood Exhorted the Sts to live pure lives evil may not found among us. Invoked the blessings of God upon the Sts. in the name of Jesus Amen.

Prayed that the Lord would bless us. & lead us right Amen.

[Handwriting changes as clerk records Card’s speech.]

Counselor C O Card Was pleased with the spirits mifested here. We should take things as the come along. The Lord has so ordained that we should have an object in life. This object should be to build up Zion. And seek for all useful Knowledge. When our emigrants come let us teach them the arts of life. Showed how many of the Temple hands began on that building as farmers and ended their labors as good mechanics.

Let us examine ourselves and see if we are worthy of the endorsements of brethren. Let us live the lives of purity and liveliness. The extent and power of the word of Wisdom. Also punctuality.

Spoke against having national feelings. Related a circumstance about a man who Brewed Beer, and work for Tom We are are not a liberty to transfer our responsibilities.

26H. J. Christiansen earned a living making harnesses in his shop on Logan’s Main Street (see Somers 1993, 58).
27Joseph Howell took the place of John Mark Hendry and served as first counselor in the Wellsville Ward bishopric (see Hall, Christensen, and Maughan 1985, 351).
May God Bless you in the name of Jesus Amen.

Pres. Preston arose and expressed his approval in their improvements on their meeting house. You have done well. Still there other improvements You can make such as fencing your square & setting out a grove or two of trees. You need more seats. Your Bp should get and read to you the last circular of Pres B. Young and read it to you here once a quarter.

By having too small a house here for so long a time that your children have been educated only to come to S.S. They should also come to meeting with their parents.

Our tendency should always be upwards. We don’t ½ furnish room for our children & ourselves to meet in. It is very inconsistent for us to work our children 6 Ds in a week & turn them loose to do as they please on the Sabbath day. We had better give them time to recreate on Saturday & look after them properly on Sunday.

The traditions of our fathers was apostate & foreign to the Gospel & many of us follow them which is wrong.

We should follow the path the Lord has marked out. We read, we study & we think too little. If you would only study work 5 Ds instead of 6 or 7 we would prosper more & be wiser. Do not go into debt buy only that you can pay for. Gave much good instruction on these points. One reason many of us have to work beyond our strength is because the gospel is not thoroughly established in the vine. Many neglect their work in the Gospel & it over works other. Spoke of the oneness necessary for Sts of God. Bore his testimony that our generations will have great & high & glorious principles to learn & practice. The Celestial laws of God will have to be carried out temporal as well as spiritual if we prosper. May God help us to keep His commands that we may have a good place in His Kingdom Amen.

I also attended a 2 Sessions of the Cache Co Political convention which closed about 4 P.M. with very good results. Thence to the Temple and attended to a chore or two & home. Some what weary after another busy week.

Sunday, July 15, 1883—After attending the duties of the morning I accompanied Pres Preston to Providence Where we met with the Sunday School at 10 AM which numbered about 100 pupils & Teachers. The Schooled was opened by Sing and prayer Sacrament was administered by 2 young elders or Priests. The reading exercises lasted about ½ an hour after which Pres Preston addressed the School & told them the Kind of God he was taught to worship in the world which was a God without body parts & passions & was everywhere & nowhere. But we worship a God that has body parts and passions. I was taught error & you are taught truth. Spoke on the principle of repentence & obedience. Invoked the Blessings of the Lord upon the School Amen.

Counselor C. O. Card taught the necessity of Punctuality and the observance of the S. Day. Pres Preston suggested they read the rules of the S.S. which suggested for all both Boys & Girls to sing. Singing Benediction by H. J. Mathews.

2 P.M. We met with the Ss. convened in their meeting house Singing by the choir Prayer by Elder F. Theurer. Singing and Sacrament.

Counselor C. O. Testified to the remarks of Elder Card. Make your home pleasant. Place chimneys on the the house & polish it up.

Touched on the liquor traffic & the Decision of the Ter. Supreme court against Logan City. If we are compelled of in Logan to suffer dens of iniquity you should not do it here. A man who will sell liquor is not worthy of the fellowship of the Ss for an hour. Liquor makes good men bad & bad worse &c. It is just as legitimate for female as male to drink & smoke.

Whiskey is all bad for the bad results & those that will use it will go down down down!!! You should spend your means on more worthy enterprises.

The Lord has told us through the prophet (B) that the man who will put the cup to the Brothers lip will go down to hell. Liquor trafficors in all communities are among the low & have to take a low seat in the community. You should not allow a liquor...
Shop in your town. You elders should take up these subjects and treat upon them. You will find plenty of statistics upon this.

Girls do not marry a man that is addicted to liquor. Give them a wide birth. You do not want to keep company with those men who are addicted to bad habits. Spoke on the dances as a father and executive officer in the Kingdom.

The same requirement is made of you as myself. All the difference is in the appointment. If you drink or dance it is personally nothing that concerns me, but I must do my duty as an officer of the church. Advised the Sts to conform to the councils of Pres. Taylor to commence at 6 and not last any longer than 12 P.M. It becomes the duties of the Ass[n], and School that they labor to keep the laws of God.

Spoke against the boys and girls going to groves and bowerys to dance & those that come into this ward & build these places they come under the purview of the Bp here.

Spoke against betting on horse races and gambling in any shape. We should be able to try the speed of our horses without sinning. Elders should control these things and not degrade them. Dance properly.

You should give your bishop your support. Call on him and council with him. Advise one with another. Invoked the blessings of the Lord on the Sts every where. Amen.

Tuesday, July 24, 1883—I attended to the work on the L & H Prk Canal the most of the day & went to the Logan Band Party in the evening.
In the after we had brief statistical & Temple reports. I addressed the sts as well as Bro L. Farr and others ratification meeting in the eve.

Sunday, August 5, 1883—We had two Splended meetings to day & were addressed by Apostle E. Snow & W. Woodruff & L. Farr. We visited the Temple Last eve & listened to the wise suggestions of the above Apostles.

Thursday, August 9, 1883—At 5 A.M. I started for the Temple mill accompanied by my daughter Jennie & Cousin Minnie Curtis and arrived at mill at 5 P.M. having spent a few hours fishing on the road found the work at the mill progressing favorably.

Friday, August 10, 1883—I returned home about 3 P.M. having Spent 3 hours fishing. On my arrival found a telegram announcing that Pres Taylor & party were coming on the morrow to meet with us in Logan on the following Sunday. Have done all I could to Spread the word in the Southern Settlements while Pres Merrill does so in the North.

Saturday, August 11, 1883—At 6 AM I resumed my Labors by doing my choirs & preparing for the Prests company & go to meet them at 2:15 train P.M.

I went by the South bound train as far as Mendon & Met Pres Taylor & Party.

At 2:15 we arrived in Logan and the company were soon distributed among the homes of the Sts Pres Cannon & wife were my guests. Met with the Pres & Counselors at Bro M. Thatchers in the after noon. About 3 P.M. a serious accident occurred in the North West tower of the Temple a Scaffold gave way & precipitated 2 Brethren down the Stairway & Bro Joseph Knowles had his left ankle disLocated & several minor wounds on limbs & body. Bro Julius Smith of Brigham was the other who received Sever several wounds about the head & body as well as bruises.

Pres J. F. Smith administered to the Latter & accompanied me to visit the Latter. Thus ended another busy day of my life.

Sunday, August 12, 1883—At 10 A.M. We the Sts convened in the Logan Tabernacle a goodly attendance choir Sang prayer by Bp. John Sharp. Singing. Pres Joseph Smith addressed the Sts. Warned them against Worldly mindedness to the exclusion of the of our faith in the Lord.

For our increase in worldly blessings we Should increase in faith and humility. We are apt to think it is our Skill that produces our blessings instead of acknowledging the hand of the Lord.

God has had a great hand in it. He gave us the ability & all the faculties we possess. The Lord will hold all to acct for all their acts. We are only Stewarts of all we possess.

The Lord Made all things. There is a reward for doing good & we Should not waste our Sub stance on the Spark of the flesh. We are Stewarts over that which we possess. We Should always feel that which we have Should be on the alter, & are ready to Sacrifice all & if we are Brought to the test & refuse We will loose our reward. The time will come when all we possess will be held for the upbuilding of Gods Kingdom. When I apostate I forfeit my wives & my blessings. It is folly for the Sts to follow in the fashions of the world, & is wrong for us to do it. Every one Should feel indebted to the Lord for all. May God bless us & help us to Keep his commends Amen.

Pres Geo Q. Cannon Bore Testimony to the remarks of the Pres Smith. L D Sts have the greatest hopes of any people in Christianity or heathendom.

Spoke of Practical consecration or hold our property in that way day by day.

Thought that Some would like the Lord or an angell Should come & tell me about it if my property is required for the Kingdom. These Same Men & women when this Temple is done & ask God's Servts for blessings that count be compared with earthly things.

Some men have transended their bounds, but there are Servts of God who have a right to make Such requirements. The prophet Joseph had this authority as does his Successors. Spoke at length upon this principle.

Those that hold the Apostleship & can only use it under its dictation of the one that holds the Keys. Spoke of Pres. B. Young Succeeding the prophet & Pres Taylor Succeeding the Latter. Showed how the Lord over ruled things to place him there. This vital doctrine of obedience to the Priesthood will test the faith of the Sts. So far as I am individually concerned
I feel that none should go into these Temples except they would yield implicit obedience to the priesthood and feel they could use all they possess for the upbuilding of Gods Kingdom God Bless you Amen.

2 P.M. Meeting by Sing by the choir & prayer by Pres W. Woodruff Singing & Sacrament.

Pres. John Taylor addressed the Sts. Was pleased to meet with the Sts. here as we are with all sts. We are all dependent upon the Lord. We are here as Jesus was here to do the will of the Father & not ours. The work in which we are engaged is not of Man but of God & Sustained by the Lord Jehovah & through the medium of the Priest hood on the earth. Spoke of the rise of the church & the Calamities that are to come after the testimony of Gods Servts. Spoke of the object of gathering home to those Mts. We have responsibilities we cant Shake off. Spoke of the Kirtland & Nauvoo Temples & the Blessings recd in them.

Spoke on our Temples in these Valleys that are built & are being built. The prophet Joseph Smith him if he found any that had the principles of Christ he need not baptize them for they had some remnants of the holy Priesthood with. Had traveled many Ms of miles but had found no such people. The World know not what to do with temples. Neither would we if the Lord had not revealed it. Said we have a great deal of Missionary Labor to perform & refered to the instructions given to Pres Preston that was to Set apart 160 acres in the new Settlements for missionary farms & in the old ones as far as practical. That they may be cultivated for the benefit of Missionary families.

Spoke of the humble manner in which men &c come into the world and their dependance upon parents & the Humble exit of Mankind. None can carry their wealth with them.

There are many of our people who would be in purgatory to live with the sts & be governed by the Priesthood. Will they receive a celestial glory I tell you nay.

There are those who want a celestial Law Who will be those who abide a celestial Law. Those that want marriage for time cant have ours. You that dont want to take the right course take Your own and we will go into the Celestial Kingdom of our God in These matters we will do what God requires.

May God bless you & help us & help us in the name of Jesus Amen.

Pres W. Woodruff Testified that the principles Set forth to day is of God & true. The ancient & modern prophets & Servts of God have taught. He went forth & was baptized after hearing the first Sermon & have had doubts of the truth of it Since. We are here to prepare ourselves for another life.

The Lord will require nothing but what will be able to do.

The Lord has ordained this people to come here to fulfil his work to build up temples & His Kindom. Let us trust in God & be true & faithful which May God grant for Christs sake Amen.

Elder L. J. Nutall Said we have had a feast this day & we should practice that we have heard. We want to live our religion as far as it is made Known to us. Cultivate that part of God in our hearts. I have been pleased & strengthened with the teachings of this day. Invoked the blessings of God upon the Sts Amen.

Invoked the Lords blessings upon the Sts. Pres Merrill had been much interested in the remarks of the brethren L.D. Sts can’t enjoy their religion unless we enjoy the Spirit of the Lord. 33 As early as December 1879, Amos Wright, a resident of Bear Lake Valley, had been called to preach the gospel to the American Indians living on the Wind River Reservation in Wyoming. Wright and other missionaries had great success among these “Lamanites,” and many were baptized into the Church. During the Last nearly 7 yrs I have sought to avert anything of the Kind that my family might be preserved intact and Labor in the spirit of the Gospel for a Salvation in the Kingdom of God. Many is the day I have tried to drown those afflictions with hard Labor & Seeking the Lord for consolation and aid which I have rec’d & thus far have been able to carry the burthen.

After Supper a passed an hour with her and advised her to repent for the step she had taken was on the downward course and would lead her to death and degradation. After which I retired tired & weary & considerable annoyed at the course of my wife.58

You hav room here for more & you parents Should lead them to school and assist Teach your children habits of industry & they will become ornaments in Society. Exhorted all to do good & Sustain the S.S. by the presence of our children & our selves. All must

58This is an unusually personal entry for Card, as are others following describing the divorce. Here the reader receives insight into his personal struggles, his manner of dealing with them, and his character. Sarah Jane Birdneau was Card’s first and senior wife. The Birdneau and the Card families were close, and both worked on the Logan Temple. They were a caring couple, as Sarah often accompanied Card on his travels, and during her 1876 illness he never left her side. Benjamin Ramsel, with whom she became involved at several points and later married, was also a worker on the temple and traveled with Card. This was a close-knit group, and the difficulties are apparent in this entry. The divorce was filed and rescinded (see last lines of September 23rd and 24th) but later granted on March 25, 1884. After the divorce, Card purchased a home for Sarah. He was given custody of their two children, but they continued to live with their mother (see B. Card n.d.; see also D. Godfrey and Card 1993, 126, 146–47; 161–65; Bradley and Woodward 2000, 264).
work out their own Salvation. Invoked the Blessings of God upon all Amen.

Pres Preston arose and Stated though not well in body felt well in Spirit. During his recent travels north & East He did not behold So comfortable surroundings & I have witnessed here.

There is lots of room around us to be settled beautiful valleys & streams. We should cultivate habits of uprightness & honesty advised the sts to look Just a little ahead upon the work of the Lord.

Spoke of the growth of our settlements. Teach our children to be honest & industrious also the doctrines of Christ. That they may inherit it from the fall of Adam. Exercise faith to do right. You are strict to get your children to work on Sunday week days but let them go their way on Sundays. We Should see that our children worship on Sunday. Gave a great deal of good practical counsel & advise We do not want to fill up these Mts with a lazy ignorant people but to the contrary.

We make great professions & should live up to them. You Should teach your children the principles of the Gospel. You are not excusable if you do not.

The saloons in Logan have been invited there by those professing to be L.D. Sts. If you have one here is because you foster them. I think you could have kept them out if you had made an effort at least for a while. Saloons come here & expect to be supported by the Sts or those that call themselves Sts. It was not necessary to have these things in our midst.

I will use my influence against these things. It is an error to think we need Stimulants for our ailments.

Referred to the prayer of the Savior Deliver us from temptation & evil. Avoid evil as you would Serpents. Liquor is the fore runner of other evils. Starve it out. Let it be said of us all that we will control our children in righteousness. The Lord has blessed the sts above the world. May the bless us & give us Wisdom to establish Zion is my prayer in the name of Jesus Amen.

Sugested a Select School for the young men & women & furnish a good teacher for them one filled with Spirit of the Gospel. May god bless and assist us to keep his commands in the name of Jesus Amen.

* “Trustee in Trusts” refers to the President of the Church as "trustee" and "trusts" to accounts the President administers or to which he has access. It was initially a means for the Church to transact business. However, with federal government prosecution and polygamy, the Church was moving to protect the property it owned. Hence, there was urgency to pay the debts on the Logan Temple construction. Following 1887, property was transferred to “trusts” to prohibit seizure by the government (see Arrington 1958, 364–65; 431, n. 103).
Jus befor meeting stated again I was to be pres. of the Cache Stake & it was decided that M. W. Merrill & O Smith were to be my counselors.

Pres Geo Q Cannon remarked the ocasion that has Brought us togather is one of more than ordin- nary Significance & one for always Shall remember & Should not lose its interest. Spoke of the Location of the Logan Temple its erection and its dedication would like the approval of God in these things. Also His approval of those who officiated in the Temple. God has been with His Servants & people in this Temple district. It is noable that the evil one Stirs strife when we commence to building of Temples.

His testimony was that those who had built Temples had increased in wealth and God drawes near unto us with his angels & Heavenly host. Spoke
of the reign of Solomon as the Golden age of Israel & it was used lavishly in the Temple and God poured out his treasures upon his people in those & so it will be in ours if we are willing to use it in his work. Pres Cannon Said much that was exceedingly encouraging. He then invoked God's Blessing upon all in in the name of Jesus Amen.

Pres Tay arose and said he did not wish to speak long but wished to refer to the Labor of the Temple. It has taken a vast amount of means and Labor to accomplish this vast work. The Stakes of this Temple district have been very liberal as well as those of other parts. We have invited Pres & others & in the name of this people of Logan we bid you welcome. It has been announced that we would not dedicate the temple unless it was paid for. In the accomplishment of this there has been a a quite a concern upon the Temple committee Supt & Pres of Stakes & others. There is about $18000 Still wanting. He Proposed that the T. in T. [Trustee in Trust] with the aid of Apostles Bps & others to meet Bal.

Felt Satisfied with the offerings of the Temple district & was not going to call upon you to contribute any more in this matter. The Sts. and all voted to with up lifted hands to sustain the Trustee in Truste in paying the balance & so will go into the Temple & dedicate it to God.75

83 The washing and anointing are a part of the endowment. The ritual symbolizes “the cleansing of the soul from sins and iniquities” (see Ludlow 1992, 1551). “Second anointings” refers to a special ceremony reserved for those who were called to receive them by the President of the Church. For more about such ordinances, see Buerger 1994, 87–88.

84 A temple recommend is given to members of the Church following an interview with an ecclesiastical authority. Card as the new stake president is here conducting interviews and issuing recommends, which permit members to enter the temple (see Ludlow 1992, 1466–47).
